

HTRC Trainers Community

Librarians who attend all four days of the virtual series or who attend both days of our in-person training are invited to join the HTRC Trainers Community. The community is composed of librarians from HathiTrust member organizations who are interested in teaching with and about HTRC tools and services.

Members of the Trainers Community have access to:

- A community listserv
- Increased support for teaching a workshop locally
- Additional learning opportunities, including a 2021 reading group meeting every-other-month on Jan. 29, March 26, May 28, July 30, Sept. 24, and Nov. 19 at 1 ET.

Members of the community are expected to teach an HTRC workshop at their institution within 9 months of the training they attend.
